This tournament is entirely underwritten by Marit's family as a celebration of her survivorship. This allows 100% of your "entry fee" donation to directly support melanoma research at The University of Texas M. D. Anderson Cancer Center. In order to maintain this commitment, all donations are handled directly by M. D. Anderson Cancer Center. When your donation is received by M. D. Anderson Cancer Center, tournament officials will contact you to get your handicaps, shirt sizes and your foursome.

Your gift to the Marit Peterson Fund for Melanoma Research will make a difference. The Marit Peterson Fund supports research under the direction of Jeffrey E. Lee, M.D., professor of surgical oncology in the Melanoma and Skin Center at M. D. Anderson. Dr. Lee and his research team are investigating the inherited genome for melanoma in a study expected to require \$500,000 in funding over four years.
